

TECHNICAL DATA SHEET

Decor Decorative varnish

- Protects and decorates
- Excellent coverage
- Colour fastening
- Fast drying
- UV protection

Colour: Black, Silver, Old Gold, Gold

Effect: Satin

Capacity: 80 ml

Decor Decorative varnish is an innovative product whose formula is based on aqueous acrylic resin and special effect pigments. Thanks to the careful selection of ingredients, this lacquer is characterized by exceptional durability and resistance to external conditions, making it an ideal solution for both interior and exterior applications. Its most important feature is very good adhesion to various substrates, which allows it to be used on stone, metal, glass, paper, wood, leather, plastic and for painting letters on tombstones. The varnish creates a scrub-resistant coating, which guarantees a long-lasting aesthetic effect. In addition, the product is waterproof and resistant to weather conditions, which means that it retains its properties even in difficult outdoor conditions. Using Decor Decorative varnish is also comfortable for the user, because it is characterized by a neutral smell. Thanks to all these properties, Decor Decorative varnish is an excellent solution for all decorative applications, providing not only aesthetics, but also durability and surface protection.

HOW TO USE:

- › The surface to be painted should be dry, clean and free of grease. Before painting, it is essential to remove all dirt, greasy stains and remains of old coatings.
- › Mix the product thoroughly immediately before painting. Do not dilute. Always perform a test on the ground.
- › The substrate should be painted with a brush, roller or sponge. Stir the varnish frequently during painting.
- › Depending on the desired effect, apply 1 or 2 coats of polish.
- › The drying time is about 2 hours and depends on the conditions at the place of application of the product (temperature and humidity).

ADDITIONAL INFORMATION:

- › Optimal application conditions: temperature from +10°C to +30°C and relative humidity below 70%.
- › Initial surface protection after 24 hours. The coating is completely durable after 7 days, until then do not clean the painted surface, protect against water and dirt and mechanical damage. Until then, do not clean the painted surface, protect it from water and dirt as well as mechanical damage.

TECHNICAL DATA SHEET

Decor Decorative varnish

› Wash the tools with water and detergent immediately after painting.

EFFICIENCY:

› Up to 10 m²/l, depending on the type of substrate and method of application. Efficiency given for one layer.

NUMBER OF LAYERS:

› 1 to 2 coats, depending on the type of substrate and the desired effect.

SHELF LIFE:

› 36 months from the date of production. Once opened, use within 6 months.

TRANSPORT AND STORAGE:

› Store and transport in airtight, original packaging at a temperature of +5°C to +40°C. Protect from frost.

COMMENTS:

- › Keep out of reach of children.
- › If swallowed, consult a doctor.
- › VOC content limit (cat. A/d/WB): 130 g/l. The product contains max. 130 g/l.
- › It contains 1,2-benzisothiazol-3(2H)-one. May cause an allergic reaction.
- › Detailed safety information is provided on the product packaging and in the Safety Data Sheet.
